ePA – a window to your pension

ePA is an online window to your pension. ePA allows you to view your pension information when you want; 24 hours a day, 365 days a year.

And, as ePA is the same system used by ICI Pensions Services helpline, it means you can also view the most up-to-date information – at any time of the day. You can also view historical information as far back as 1996 (when Watson Wyatt became the administrator). To view your information all you need to do is visit ePA via the home page of the ICI Pension Fund Trustee website at **www.icipensionfund.org.uk**

How it works

Start by logging in to ePA via the home page at **www.icipensionfund.org.uk**. To access the site you will need your personal User ID and temporary password. Your User ID is **IClePA** followed by your pension reference number, which can be found on your pension payslip or on any communications from ICI Pensions Services. When you first login you will be prompted to change your password to something more memorable by following the instructions on screen.

There are tools available to assist your navigation around the site. A handy user guide is available by clicking the 'Help' option online. You may also like to keep this leaflet as a reminder of what you can do on ePA.

Please note that historical information on ePA only goes back as far as 1996 as this is when Watson Wyatt took over administration of the Fund and began keeping records electronically.

What can I do?

Show me my...

➤ **pay and tax details** – you can see a full monthly breakdown of your pension payments (going back to 1996). This includes details of tax payments made on your pension income.

➤ **P60 information** – view details from your annual P60 form, including your pay and tax details.

➤ **initial pension** – see the value of your full pension (before any reduction for a lump sum) and, if applicable, details of any lump sum taken.
